Become a fully certified **AgileBA Practitioner** with Good e-Learning!

Learn how to apply the principles and practices of AgileBA in order to power continuous improvement across your business. Becoming certified will also help you unlock more responsibilities, as well as higher-paying roles.

WHO IS THIS COURSE AIMED AT?

- Those who have passed the AgileBA Foundation certification exam and wish to continue their studies
- Agile team members studying to become business analysts
- Business analysts wishing to affirm their specialisation in Agile environments
- Businesses that want to fully utilize the best practices of AgileBA
- Ensuring optimized support and facilitation in Agile environments
- Everything needed to successfully pass the official Agile Business Analyst (AgileBA®) Practitioner exam

WHAT WILL YOU LEARN?

- How to translate the principles, processes, and philosophy of AgileBA into actionable practices and tangible every day business value
- How to utilize the AgileBA approach to requirements management
- How to apply techniques such as MoSCoW Prioritisation, timeboxing, and iterative targeting in real-world projects
- Evaluating and utilizing BA products within Agile projects
- Managing benefits delivery in Agile environments
- Managing roles and requirements in Agile environments
- Why take this course?
 - AgileBA Practitioner is a lucrative qualification to achieve for both Agile practitioners and business analysts
 - AgileBA not only drives continuous improvement, but it also encourages communication and collaboration between departments and teams
 - The course offers over 16 hours' worth of training content across 12 modules and includes a practice exam simulator to ensure students are ready to sit and pass the real thing
 - We offer each student 6 months access and a FREE exam voucher, as well as a FREE resit with Exam Pledge (T&Cs apply)
 - This course is fully accredited by **APMG International**
